"All Roads Lead To Brumley South"

Volume 3
February 2009

Hard Economic Times Changing The Way Many Do Business...

It is very obvious that the current economy is having an effect on businesses today. Rest assured, Brumley South will only make changes to better suit the needs of our customers. We will continue to strive to provide the best customer service, repair and support in the industry. As part of this commitment, we now offer the following products for rental and lease: Surfscan, Dryden QIII, Alpha Step, Nanometrics, Flexus and more. Brumley South also offers "hot swap" programs on most robotic units serviced and repaired. **In an attempt to help our customers and the struggling economy — make sure to look for our **ECONOMY BOOSTER** specials!
Please contact us today for more information on how Brumley South can help you.

Two Tencor Surfscan 6400 Units For Sale...

Brumley South has recently acquired two Tencor Surfscan 6400's, which are now for sale. One is configured for Mask Inspection and the other for Wafer Inspection. Both machines are in excellent condition and have been fully reconditioned to Factory Specifications by Brumley South. Both units are covered with a one year warranty. For more details, please contact our Sales Manager, **Ed Sandke** at 704-664-9251.

February Employee Highlight...

Terry Michael will be celebrating his 15 year anniversary next month. Terry has performed many duties over the years. His main contribution was the development of the wafer standards deposition service provided by Brumley South. This service has saved our customers in many ways. Terry has been a major asset in the tool refurbishing program. His many years of experience has helped overcome the obstacles of obsolescence. Our customers know that we can find a way to solve the problem; Terry is an integral part of the solution. We want to thank Terry for the loyalty and contributions he has brought to Brumley South.
