## Brumley South is "Under Construction"

Brumley South is pleased to announce the expansion of our clean room.

The new space will double the square footage of our existing clean room. With this new larger design, we will increase our capabilities for manufacturing, PSL deposition, and refurbishing equipment. The new clean room will also serve as a demonstration area for potential buyers.

## June Employee Highlight...

**Jean Radford** joined our team in January 2008. She is our Administrative Assistant and Purchasing Manager. Jean has many hobbies and activities that she pursues outside of work. She is an accomplished equestrian and barrel racer and her husband is a champion bull rider. One of Jean's major strengths is her ability to make everyone feel comfortable on the phone with her upbeat and cheerful southern accent! Jean will take on any project thrown her way...she is a real team player.
